Dear Applicant:

This refers to your attorney's letter dated January 13, 2015, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that on November 7, 2014, KTIV Television, Inc. experienced a catastrophic transmission line failure. You mentioned that the station has switched its operation to a side-mount emergency antenna mounted approximately 700 feet above ground level at an ERP of approximately 52 kW. You state that reduced power operations will continue to be necessary while the applicant is trying to replace the equipment and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until July 28, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
