

TECHNICAL STATEMENT
RADIO MULTIPLE OWNERSHIP ANALYSIS
CITICASTERS LICENSES, INC

This statement was prepared on behalf of Citicasters Licenses, Inc. ("CLLI"), a licensee subsidiary of Clear Channel Communications, Inc. ("CCC"). CLLI proposes to change the antenna location of WKDD(FM) Munroe Falls, Ohio. A multiple ownership analysis was prepared considering radio stations under present or proposed common ownership, time brokerage or joint sales.ⁱ

Arbitron Market Study

In this application, CCLI is proposing to change the antenna location of Station WKDD Munroe Falls, Ohio. The community of license, Monroe Falls, is in Summit County, which is part of the Akron Arbitron Metro and thus WKDD is geographically located in this Arbitron Metro. WKDD is designated "home" to the Akron Arbitron Metro, the number of stations owned by CCC in the Akron Arbitron Metro is not changing.

According to the FCC's local ownership "tiers," in a Metro reported by BIA as having 14 or fewer commercial and noncommercial educational full-power radio stations, a party may have a cognizable interest in up to 5 commercial full-power radio stations, not more than 3 of which are in the same service(AM or FM). This application complies with the multiple ownership rules because only 4 of 14 full-power radio stations (2 FM and 2 AM) will be attributable to CCC.

Interim Contour-Overlap Analysis

Because the principal community of WKDD, and the communities of all commonly-owned or attributable stations with overlapping principal contours with WKDD are located inside an Arbitron Metro, an interim contour-overlap analysis is not required.
