Dear Ms. Dortch,

Lake Erie College of Osteopathic Medicine pursuant to Section 73.54(d) of the Commission's rules hereby notifies the Commission that the Lake Erie College of Osteopathic Medicine will use the direct method using the power meter on the Nautel J1000 transmitter rather than the antenna base current.

I have included a duplicate of this letter along with a stamped return envelope. I would be most appreciative if you could return a date stamped receipt to us.

If you have any questions, please contact me at your earliest convenience.

Very Truly Yours,
