

## ENGINEERING DECLARATION

FOR WXYC-FM, CHAPEL HILL, NC  
FCC Facility ID Number: 63561

I, David C. Wright, hereby declare that the WXYC-FM directional antenna is installed and aligned in accordance with FCC construction permit number BMPED-20090715AIK. The antenna was assembled according to the manufacturer's instructions, SHIVELY SO 27584 - 6014 3-1-DA installation drawings. Antenna Bay faces are oriented at 68 degrees with respect to True North and N 128° E true using surveyed marker stakes.

David C. Wright is a contract engineer holding a BA degree in Communications and a FCC General Radiotelephone license, issued as a replacement for the FCC First Class License. David is also a Licensed General Contractor in the state of North Carolina, number 25782 with Communications Endorsement. He has been in the broadcast engineering field for over thirty-five years and has supervised the specification and installation of numerous FM broadcast antennas, both directional and non-directional.

  
David C. Wright
