

Exhibit 18
Multiple Ownership

The instant application seeks FCC consent to the assignment of the licenses of television stations KTVU(TV), Oakland, and KICU-TV, San Jose, both California, from KTVU, LLC to Fox Television Stations, Inc. (“FTS”). Upon consummation of the proposed transaction, this existing duopoly in the San Francisco-Oakland-San Jose designated market area (“DMA”) will continue to be compliant with the eight-voice/top-four-ranked requirements of Section 73.3555(b) of the Commission’s Rules.

Section 73.3555(b) permits common ownership of two television stations within the same DMA where (1) at least eight independently-owned and operating full-power commercial and noncommercial television stations will remain in the DMA in which the communities of license of the stations subject to the transaction are located and (2) at least one of the two commonly owned stations is not among the top-four ranked television stations in the DMA based on audience share. Rankings are based on the most recent all-day (9 a.m.-midnight) audience share at the time the application is filed, as measured by a professional rating service such as Nielsen Media Research. *See* 47 C.F.R. § 73.3555(b).

Based on audience share data compiled by Nielson Media Research, as of the May 2014 sweeps period, KICU-TV is not ranked among the top-four stations in the San Francisco-Oakland-San Jose DMA. In addition, as shown below, at least eight independently-owned and operating full-power commercial and noncommercial television stations will remain in the DMA following consummation of the proposed transaction.

**Full-Power, Operational and Independently-Owned
TV Stations Licensed to Communities in the San Francisco-Oakland-San Jose, CA DMA
