

## **ENGINEERING EXHIBIT**

**RADIO STATION KSTE  
RANCHO CORDOVA, CA  
650 kHz  
21.4 kW Day / 0.92 kW Night  
DA-2**

### **NARRATIVE**

AMFM Radio Licenses, L.L.C. is the licensee of KSTE Rancho Cordova, CA (Facility ID 22883). This application seeks only to correct the licensed coordinates of KSTE. No physical changes are being proposed to the existing KSTE licensed facilities. Pursuant to 47CFR73.1690(b)(2) this application is being made on FCC Form 301-AM to correct coordinates beyond plus or minus 3 seconds of latitude or longitude.

The licensed daytime and nighttime coordinates are:

**38 28' 46" N  
121 16' 34" W**

The corrected daytime and nighttime coordinates are:

**38 28' 47.3" N  
121 16' 38.2" W**

AMFM Radio Licenses, L.L.C. affirms that the radiators in the KSTE antenna system are each surrounded by a secured fence restricting access to unauthorized personnel. The applicant affirms that the distance to the fences from the radiators complies with the requirements of FCC OET65 Edition 97-01, Supplement A regarding human exposure to non-ionizing electromagnetic radiation, and that power will be reduced or transmission suspended as necessary to protect workers from RF radiation in excess of the limits contained in 47CFR1.1310.
