

AM Protection Certificate of Compliance

10110 PHILADELPHIA PAOLI PA

American Tower

WHEREAS, The Rules and Regulations of the Federal Communications Commission require that notification be given to certain AM broadcast stations located within a prescribed distance, and tower height relative to any AM station frequency, of new or significantly modified wireless antenna structures; and

WHEREAS, A search has been made of the FCC AM database current as of 03/22/2014, based on the coordinates 40-2-19.67 N 75-14-12.76 W, known as "10110 PHILADELPHIA PAOLI PA"; with a height of 1183 ft.;

THEREFORE, this certificate is issued to American Tower on March 28, 2014 to attest to its diligence in determining compliance with FCC rules. Thus, under current FCC rules no further action is required by American Tower subject to the accuracy and validity of data provided by American Tower about 10110 PHILADELPHIA PAOLI PA and the continued validity of FCC data at the time of construction.

Be advised that even though 10110 PHILADELPHIA PAOLI PA is cleared by current FCC rules for purposes of AM compliance, these rules allow an AM radio station up to two years to submit a complaint to a tower proponent and/or the FCC regarding potential impact created by 10110 PHILADELPHIA PAOLI PA.
