WNYX-LP channel 26

New York, NY 7/15/03

This application for WNYX-LP channel 26 seeks to displace the assigned channel to channel 64 in the same location, height, and radiation patterns, but with about half the power. This is based on Para. 73.3752(a)(4)(iv) of the current FCC rules which permit a channel displacement application if a DTV cochannel is authorized within 265 Km. KYW-DT channel 26 Philadelphia, Pa. is only 135.20 Km. from WNYX-LP.
