Re: JP Broadcasting Corp  
WJIT Cross Service Translator

Dear V-Soft Representative:

Thank you very much for the copy of your FCC application sent to us in accordance with the Puerto Rico Coordination Zone agreements. We have considered the technical aspects of your application for a new translator for WJIT and find that your installation and is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Observatory.

We therefore have no objection to your proposed installation.

Sincerely yours,

---

Angel M. Vázquez  
Spectrum Manager
