Engineering Statement in support of Application BLTTV19971124IH Channel 11, Cedar City, UT, Iron County

BACKGROUND

Applicant holds a license for the operation of K11CQ on channel 11, no offset, at the present time. Iron County is making a minor change to increase the ERP and change the vertical pattern and antenna orientation of its facilities to better serve the communities receiving its signal. In addition, the offset is being changed to minus (-). All other parameters stay the same.

INTERFERENCE STUDY

Channel 11- was analyzed using Longley-Rice methodology in accordance with OET Bulletin 69. The population count was taken from the year 2000 census data. The stations analyzed follow along with any appropriate notes.

ANALYSIS

KLVX-DT, Las Vegas, NV, 11N	BLEDT20020329ADR; The interference to KLVX-DT showed 0.0% population impact.
