Dear Ms. Salas:

Enclosed is our FCC Form 301CA application to effect an amendment to a pending license application BPTTL-19990820JB. This is a minor modification application; the changes correct the antenna coordinates as indicated on antenna tower registration number 1010214

We would appreciate it if you would process this application so that it may be included on the next grant list. We regret any inconvenience this may have caused the commission.

Sincerely,
