Description:

Basis for STA Extension

As previously reported to the Commission, station KBOB(AM) has been operating, day and night, with its nighttime antenna pattern due to an antenna-switching issue (*see* FCC File No. BSTA-20220504AAF). Townsquare installed a new RF contactor but after doing so discovered that additional components need to be replaced. Those components are on order but shipment has been delayed by supply chain issues. In the interim, Townsquare respectfully requests an extension of the current STA. Townsquare will promptly notify the Commission when the station is able to resume licensed operations.
