Dear Applicant:

The above referenced application is dismissed.

The licensee was sent a deficiency letter on May 24, 2012. You were given 30 days from the date of that letter to file an amendment to resolve the deficiency that was discovered during the initial review of your application as shown below. Amendments must be filed electronically. Failure to amend your application will result in the dismissal of the application.

Specifically, the proposal is predicted to cause interference to the following facilities:

1. K43GP-D, Soda Springs, ID. – BLDTT-20100809CNM

Our records show that no amendment has been filed as of July 11, 2012, to resolve the above referenced deficiency. Our current interference analysis shows the same interference issues still exist as referenced above.

Sincerely

Hossein Hashemzadeh
