Multiple Ownership

By this application, Western Broadcasting, LS, LLC (“Simmons-Western”), seeks Commission consent for the assignment of the licenses for KUNF(AM), Washington, Utah, and KREC(FM), Brian Head, Utah, from Marathon Media Group, LLC. Simmons-Western is a newly formed Utah limited liability company wholly owned by Western Broadcasting, LLC, which in turn is wholly owned by Simmons Media Group, Inc. (“SMGI”). SMGI owns all of the outstanding voting stock of Simmons St. George, Inc., licensee of KDXU(AM), St. George, Utah, and KSNN(FM), St. George, Utah. In addition, SMGI currently brokers more than fifteen percent of the broadcast time on radio station KZHK(FM), St. George, Utah.

As the attached engineering statement of Carl T. Jones Corporation demonstrates, the radio market formed by the common ownership or operation of the above-mentioned radio stations, as defined in accordance with Section 73.3555(a)(3), includes fourteen commercial radio stations. As such, SMGI may have an attributable interest in five stations, no more than three of which are in the same service, and the transaction proposed herein complies with Section 73.3555(a).
