

### **307(b) Exhibit**

Sunburst Media-Louisiana, LLC (“Sunburst”), licensee of Station KMYO-FM, Morgan City, Louisiana, submits this exhibit in support of an application that proposes to delete Channel 244C3 at Morgan City, Louisiana and allot Channel 244C2 to Gray, Louisiana as that community’s first local service. Sunburst’s showings pursuant to Section 307(b) of the Communications Act, 47 U.S.C. § 307(b), are provided below, addressing the factors identified by the Commission in *Revision of Procedures Governing Amendments to FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services*, 21 FCC Rcd 14212, ¶ 10 (2006).

As demonstrated in the Technical Exhibit, Channel 244C2 can be allotted to Gray consistent with Section 73.207 of the Commission’s Rules except for a short-spacing to vacant Channel 242A at Dulac, Louisiana.<sup>1</sup> Sunburst is simultaneously filing a Petition for Rule Making to change the channel and reference site of the Dulac allotment from Channel 242A to Channel 230A.<sup>2</sup>

A 70 dBu signal can be provided to Gray from the proposed reference coordinates. The population and area within the proposed 70 dBu contour is 139,434 persons and 2,631.4 sq. km, and within the proposed 60 dBu contour is 226,244 persons and 7,010 sq. km. The entire loss area will continued to be served by at least five other

---

<sup>1</sup> The channel study also notes a short-spacing to Channel 298C1 at Houma, Louisiana. This channel is used by Station KCIL(FM), which is also licensed to Sunburst. Previously, the Commission granted KCIL a permit to change community of license to Jean Lafitte, Louisiana. See BPH-20070119ABG. The grant is final. Thus KCIL is operating on Channel 298C1 at Houma pursuant to an “implied STA” and the instant application can be filed based on the assignment change for KCIL at Jean Lafitte.

<sup>2</sup> Pursuant to the Commission’s new allotment procedures, “changes to vacant allotments will continue to be made via notice-and-comment rule making procedures.” See *Revision of Procedures Governing Amendments to FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services*, 21 FCC Rcd 14212, ¶ 15 (2006). Thus, this proposal is considered a hybrid filing. *Id.* at ¶ 17.

services. The reallocation of Channel 244 from Morgan City to Gray will result in a net gain in service to 43,941 persons.

Sunburst desires to change the community of license of KMYO-FM from Morgan City to Gray under the guidelines set forth in *Amendment of the Commission's Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License*, 4 FCC Rcd 4870 (1989), *recons. granted in part*, 5 FCC Rcd 7094 (1990).

There, the Commission stated that a station may change its community of license without subjecting the license to other expressions of interest if (1) the proposed allotment is mutually exclusive with the current allotment; (2) the current community of license will not be deprived of its only local service; and (3) the proposed arrangement of allotments is preferred under the Commission's allotment priorities. These criteria are met here.

First, the proposed use of Channel 244C2 at Gray is mutually exclusive with the current use of Channel 244C3 at Morgan City. *See* Technical Exhibit. Second, Morgan City will not be deprived of its only local service because it will continue to be served by Station KMRC(AM). Third, the provision of a first local service at Gray (2000 U.S. Census population 4,958) under Priority 3 will result in a preferential arrangement of allotments over the retention of a second local service at Morgan City (2000 U.S. Census population 12,703) under Priority 4. *See Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982).

Morgan City is not located in an urbanized area, while Gray is located in the Houma Urbanized Areas. Therefore, this relocation implicates the Commission's policy concerning the migration of stations from rural areas to urban areas. *See Faye and Richard Tuck*, 3 FCC Rcd 5374 (1988) ("*Tuck*"). In making the determination whether to

award an urbanized community a first local service preference, the Commission will consider (1) the extent to which the station will provide service to the entire Urbanized Area, (2) the relative populations and proximity of the suburban and central city, and, most importantly, (3) the independence of the suburban community. *Tuck*, 3 FCC Rcd at 5377-78. In this case, from the proposed allotment site, KMYO-FM would place a 70 dBu contour over 80% of the Houma Urbanized Area. Gray's population (2000 U.S. Census 4,958) is 15% of that of Houma (2000 U.S. Census 32,393) and Gray is located approximately 8 miles from Houma. These figures compare favorably to other independent communities. *See, e.g., Talladega and Munford, Alabama*, 20 FCC Rcd 13010, ¶ 4 (2005) (Munford's population is 10% of that of Anniston, and Munford is located 11.3 miles from Anniston); *See Warren AFB*, 19 FCC Rcd at 10979 (Warren AFB's population is 8.4% of Cheyenne, and Warren AFB is located 4 miles from Cheyenne). The Commission has repeatedly stated that these factors are less important than evidence of independence. The following analysis of the eight *Tuck* factors demonstrates the independence of Gray from Houma.

1. ***Extent to which residents of Gray work in Gray.*** As shown below, there are many employers in Gray who provide ample opportunities for Gray residents to be employed in Gray and not in Houma. This alleviates any concerns that Gray is dependent on Houma for the employment of its residents. *See Lebanon and Speedway, Indiana*, 17 FCC Rcd 25064, 25065 (2002). Also, according to 2000 Census figures, 104 of the 1,802 employed individuals in Gray work in Gray. *See Exhibit 1.*

2. ***Newspapers and other media that cover Gray's local needs and interests.*** The Daily Comet is a regional paper that covers a number of areas, including the northern

part of Terrebonne Parish, where Gray is located. It is published daily and contains information on and articles about the community of Gray.<sup>3</sup> See Exhibit 1.

3. ***Community leaders and residents perceive Gray as being separate from Houma.*** Attached hereto as Exhibit 2 are letters and statements from the residents and business leaders of Gray attesting to the fact that Gray is an independent community.

4. ***Gray has independent government entities.*** Although Gray is a Census Designated Place (CDP) and does not have a local government, its residents are served by several governmental entities with no relationship to Houma. For example, the Gray Fire Department, Gray Head Start, H L Bourgeois High School and Gray Park served the residents of Gray. Gray is also home to a branch of the Terrebonne Parish Library. See Exhibit 1.

5. ***Zip code, post office, and phone directory.*** Gray has a post office and its own ZIP code, 70359. Businesses and residents in Gray therefore have Gray addresses. The Bayou Region Phone Directory contains governmental and commercial listings for a number of communities in the area, including Gray. While it also contains listings for Houma, it is not a Houma phone book. Also, there is a separate yellow and white pages phone book for Houma. See Exhibit 1.

6. ***Gray has its own commercial establishments, community organizations and health care providers.*** Gray is home to a number of restaurants including Audrey Mae Café, B J's Country Kitchen, Bayou Side Snowballs, Burger King, Cypress Columns, KFC, McDonalds, Shirley's Place, and Waffle House. Other businesses in Gray include Best Western (a hotel), Southland International (a car dealer), AAA

---

<sup>3</sup> While the Saturday edition is published in conjunction with the Houma Courier, the Daily Comet is not a Houma newspaper. Also, Houma has its own newspaper, the Houma Courier

Discount and Bay South (department stores), Edna's Florist & Gifts (a florist), Cactus Lounge, J J's III, and Playhouse Bar (bars and clubs), and B J's Super Discount, Fast Stop Food & Gas, and Lucky Mart (convenience stores). Churches and community organizations in Gray include the Bayou-Blue-Coteau Lions Club, Calvary Christian Fellowship, Eagle Wright Baptist Church, First Presbyterian Church, Mt Olive Baptist Church, Mt Vernon United Methodist Church, Seventh Day Adventist Church, Tabernacle of Truth Church, and Trinity Bible Church. There are a number of doctors and medical providers in Gray including Bayou Pediatrics, Diamond Dental Lab, Headache Pain Specialists, Imaging Center of South Louisiana, and Kidney Center of South Louisiana. *See Exhibit 1.*

7. ***Advertising market.*** The Daily Comet enables Gray businesses to reach Gray residents without relying on the Houma advertising sources. *See Exhibit 1.*

8. ***Gray has its own schools, library, police department, and fire department.*** The Terrebonne Parish School District administers schools throughout Gray, including Gray Head Start and H L Bourgeois High School both of which are located in Gray. Gray is also home to a branch of the Terrebonne Parish Library and the Gray Fire Department. The Louisiana State Police have a troop located in Gray. Some municipal services in Gray are provided by Terrebonne Parish, but importantly are not provided by Houma. *See Exhibit 1.*

# About the Daily Comet

*Published: Wednesday, November 19, 2008 at 12:01 a.m.*

## **OUR AREA**

Bayou Lafourche is geographically and culturally at the center of the communities served by the Daily Comet.

Until the early part of the 20th century, the entire length of the bayou was an active artery of commerce for steamboats traveling from the river to the communities which stretched down to the Gulf of Mexico, with Thibodaux serving as the queen city of the bayou.

It was that steady stream of traffic that earned the bayou its nickname "the longest street in the world" with houses lining its banks like those along any street. It is said that at one time, residents along the bayou were able to pass along news from neighbor to neighbor for a stretch of 40 miles, without anyone ever leaving their front porch.

Now we hope those neighbors get their news delivered to their front porches on the pages of the Daily Comet.

The communities along the bayou have evolved from those early days. But the Boudreauxs and Heberts, the Daigles and Melancons who live along the bayou today still rely heavily on their Cajun French culture and rich natural resources of the swamps and marshes of the area for their livelihoods and their quality of life.

While Cajuns dominate the culture, the area has a diverse cultural background with influence from the Spanish settlements that date back to colonial times, African, Italian, German and Eastern European communities that settled here around the turn of the century, and even Chinese and Philippine settlements of the late 1800s. They and many others left their mark on their descendents who still live here.

The oil industry changed the the area forever in the mid 1900s, and remains the driving force of the economy. But the natural resources of the bayou still provide an economic base for many bayou country residents. The rich delta built by the bayou provides fertile ground for the important sugarcane crop. The marshes still

teem with shrimp and fish and trappers still ply the swamps for alligators and nutria.

A resurgence in interest in the Cajun culture has remained strong over the years, and a new generation of French speakers are growing up, trying to recapture the dialect that was all but lost when the "Tex-yians" moved in with their oil rigs. There is even a move by several South Lafourche residents to begin a French immersion school to help younger Cajuns keep the language from dying. Cajun music, Cajun food and the Cajun spirit have all been rekindled and have developed into a thriving economic concern as well as a cultural one.

The area along Bayou Lafourche is a unique blend of cultures which spice up the rich Cajun gumbo that forms its base. We even like our politics spicey, but everybody knows about that.

### **Our background**

The Daily Comet began publishing in 1889 as the weekly Lafourche Comet. A Democratic-affiliated newspaper, its publisher selected the name Comet because the Republican newspaper was named the Star. His reasoning, a comet is brighter than a star. It is the only paper currently published in America named Comet.

The paper publishes Monday through Friday, covering Lafourche, Assumption, the west bank of St. James and the northern part of Terrebonne parishes. A new Saturday edition, done in conjunction with The (Houma) Courier was recently started.

The newspaper is one of the principal sponsors of the Thibodaux Area Christmas Toy Drive, which year after year provide toys and food to more than 1,000 area families.

We also publish a quarterly high school newspaper, Les eleves de Lafourche, which is produced by students from Thibodaux High School, E.D. White Catholic High School, Central Lafourche High School and South Lafourche High School.

In 1997, the newspaper kicked off its new Web site to provide news and information to an ever-growing younger generation of Daily Comet readers.

# Braves hold off Patriots in season opener

*Derek Breaux  
Sports Correspondent*

*Published: Tuesday, November 18, 2008 at 3:00 p.m.*

GRAY -- Unlike many H.L. Bourgeois vs. Ellender games, it took nearly 2 minutes for the first points to be scored. But when both teams got into a rhythm, the Braves proved to have the upper hand in an 85-75 victory in the season opener for both teams on Monday night.

The Braves had to fight back from a 17-9 first quarter deficit and a 39-36 halftime deficit.

Stevie Howard, Drew Werther and Nathaniel Singleton each hit a 3-pointer in the opening quarter for H.L. Bourgeois.

"We're a good 3-point shooting team, but we can't come out the locker room shooting 3's," H.L. Bourgeois coach Andrew Caillouet said. "We're not in the rhythm in the game. We run good offense, but at times we get trigger happy."

Howard started the second quarter with a steal and a dunk to get the crowd and the team back in the game.

After the half, Howard tied the game at 39 with a 3-pointer.

The Braves had an 11-point lead after the third quarter thanks to Howard scoring 15 of his 42 points in the third quarter.

During the third quarter, Ellender coach Scott Gauthreaux received two technical fouls and was ejected.

Despite losing their coach, the Patriots got as close as five points late, but Braves came out with the win.

The Braves also ran their offense more effectively with the addition of Jereme Lagarde (nine points, seven rebounds) from football, Caillouet said.

"We are a different team from our scrimmages because of Jereme," Caillouet said. "We had a couple of true perimeter players playing on the block."

Singleton finished with 12 points for the Braves.

"We played hard, but there was a lack of execution," Gauthreaux said. "We made too many mistakes. We lost four seniors and their's inexperience on our part. We learned a lot about ourselves (Monday night), and we'll learn from our mistakes."

Trevon Lewis led the Patriots with 27 points and 11 rebounds. Ivan Thompson added 14 points and Dylan Parfait scored 13 points for Ellender.

EAST IBERVILLE 69, ST. JAMES 56

At St. Gabriel, a slow start was too much for the Wildcats (0-1) to overcome in Monday night's season opener.

East Iberville (1-0) took a 18-9 lead after the first quarter and maintained it for the remainder of the game.

Mykhell James led the Wildcats with 25 points, and David Narcisse chipped in 12. St. James is missing several players because the school's football team is still alive in the Class 2A playoffs.

Donovan Richardson led East Iberville with 14 points.

GRAND ISLE 54, CENTRAL LAFOURCHE 48, OT

At Grand Isle, Grand Isle outscored Central Lafourche 15-9 in overtime for the win Monday night.

Central Lafourche (0-1) trailed 18-15 at halftime and outscored Grand Isle (9-2) 24-21 in the second half to send the game to overtime.

Reandell Poindexter led Central with 14 points.

# Construction worker injured in hit-and-run seeks justice

By *Robert Zullo*  
Senior Staff Writer

Published: Saturday, November 15, 2008 at 8:00 a.m.

GRAY - Whenever he gets out of the wheelchair, he figures he'll walk with a limp for sure.

That much he can handle.

But 31-year-old William Sneeze, who was seriously hurt when a hit-and-run driver left him lying battered and unconscious near a culvert on La. 24 last month, worries whether the mangled tendons and ligaments in his right forearm and wrist will ever heal sufficiently to allow him to go back to his job as a heavy equipment operator for a local construction company.

"I can accept the fact that I'll walk with a limp," Sneeze said. "If my wrist don't get right ... I almost cried when they took the thing off and I couldn't move my wrist."

Sneeze was riding his motorcycle, a Kawasaki Ninja, north on La. 24 just after midnight Oct. 10 when 33-year-old Christopher C. Rozands, allegedly drunk behind the wheel of a 2005 Pontiac G-6, pulled out from Hampton Street into the motorcycle's path.

Sneeze, who was wearing a helmet, collided with the car's driver side and was sent flying from the Kawasaki into a ditch on the bayou side of the highway, according to State Police,

Rozands allegedly drove a few yards, parked the car on the shoulder of the road and took off on foot. He was arrested behind his house about four blocks away for hit-and-run driving, no driver's license, running a stop sign and third-offense DWI, the police report states. His wife was cited for attempting to hide him from troopers. A breath test at Troop C in Gray revealed a blood-alcohol level of .103, above the legal limit of .08.

Rozands was jailed and released the same day after posting a \$20,000 property

bond.

State Police said Sneeze was riding about 70 mph in 50-mph zone, and witnesses reported the group of three motorcycles was traveling even faster, up to 100 mph. Though he doesn't remember the collision, Sneeze said there was "no way" he was riding 100 mph. State Police do not suspect Sneeze was under the influence of alcohol at the time of the crash. He was not ticketed in the collision. Reached by phone at his home, Rozands would not speak with a reporter about the crash. However, he told police he fled because the other bikers with Sneeze threatened him, and he feared for his life.

In 1997 Rozands pleaded guilty to conspiracy to distribute LSD and was given a six-month suspended sentence.

He pleaded guilty to a first-offense DWI in April 2003 and a second-offense DWI a little more than two years later. In between, court documents show he racked up arrests for reckless driving, flight from an officer, disturbing the peace by fighting and simple criminal damage to property, though those charges were not prosecuted.

After his second DWI conviction, he was placed on probation.

Sneeze, his fiancée, and his fiancée's mother, Cheri Hoaglind, are worried Rozands might walk away with a "slap on the wrist," again, they said.

"If you look at everything that's happened to him he's actually been slapped a whole lot," Hoaglind said.

First Assistant District Attorney Carlos Lazarus said Rozands faces two felony charges.

Hit and run, under the circumstances that apply in Rozands' case - when serious bodily injury is caused by a driver previously convicted of DWI - means a minimum of five and a maximum of 20 years in prison.

A third-offense DWI carries a minimum sentence of one year and a maximum of five years in prison. Thirty days must be served without probation, parole or suspension of sentence, following which the offender is evaluated for substance abuse disorder and ordered to attend treatment.

Though they have tapered off in recent years, hit-and-run crashes involving injuries in Louisiana have increased by nearly 38 percent since 1999, when there were 2,408, according to the Louisiana Highway Safety Research Group. With more than a month to go in 2008, there have been 3,268.

Meanwhile, in Hoaglind's living room, Sneeze ticks off his injuries while pointing at various body parts.

# Synergy Bank

YOUR BANK. OUR COMMUNITY. STRONGER TOGETHER.

December 4, 2008

KMYO  
120 Prevost Dr.  
Houma, LA 70364

Gentlemen:

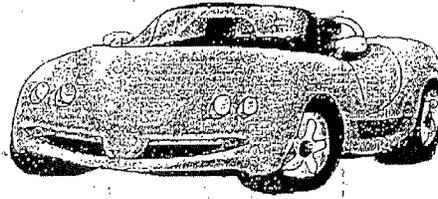

Synergy Bank is a local community bank which strives to bring banking services to local residents. After extensive research we determined that our newest branch should be located in Gray, Louisiana.

This town within Terrebonne Parish has recently been experiencing tremendous growth. Two of the largest areas of development are Southern Estates, a commercial and residential development, and North Park subdivision. In addition, Gray attracts residents from not only Terrebonne, but Lafourche Parish as well.

Gray, Louisiana is an established town and vital to our growing parish.

Sincerely,

Jerry P. Ledet, Jr.  
President

Insure- Mart

Fax 985-853-0100

To Sunburst Media (KMYO),

We, at Insure-Mart located at 4647 West Main St. Gray, LA, would like to extend our fullest support, to Sunburst Media, to locate a new Radio Station. As a business owner in Gray, LA we would like to have a Radio Station, due to the fact that Gray is a seperate area from Houma and Thibodeaux. This is a chance to broaden our city!! Thanks again and best of luck to you all.

Best wishes,

Tonya Babin

TO WHOM IT MAY CONCERN:

AS A BUSINESS OWNER IN GRAY, LOUISIANA, I WOULD APPRECIATE HAVING A LOCAL RADIO STATION SPECIFICALLY TARGETED FOR MY AREA. GRAY IS AN AREA SEPARATE FROM HOUMA AND THIBODAUX. AS A CITY ON ITS OWN, GRAY SHOULD HAVE ITS' OWN RADIO STATION. THERE ARE OTHER BUSINESSES, FAMILIES, INDIVIDUALS LOCATED HERE THAT WOULD BENEFIT ALSO. IT WOULD BE A USEFUL RESOURCE TO ADVERTISE, HEAR OUR TRAFFIC REPORTS, WEATHER, ETC. HOPEFULLY THIS IS SOMETHING THAT WILL HAPPEN FOR US IN THE FUTURE! THANK YOU.

SINCERELY,

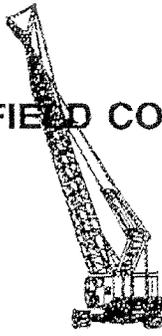

A handwritten signature in black ink that reads "Joseph D. Smith, Jr." The signature is written in a cursive, flowing style.

JOSEPH D. SMITH, JR.  
EXCELL CRANE & HYDRAULICS, INC.  
PRESIDENT
