KRZQ (FM), Fallon, NV  
Shamrock Communications, Inc.  
Facility Identification Number: 165338  
Special Temporary Authority  
BESTA-20160623AAK

Dear Licensee:

This is in reference to the filing made on of June 23, 2016, on behalf of Shamrock Communications, Inc. ("Shamrock"). Shamrock requests a fifth extension of the Special Temporary Authority ("STA") granted January 9, 2014, for continued operation at reduced power Shamrock has scheduled tower climber to work on the antenna.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the STA extension request for KRZQ to continue reduced power operation IS GRANTED. Shamrock must notify the Commission when licensed operations are restored. Shamrock must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

**This extended STA expires January 17, 2017.**

Sincerely,

A handwritten signature in cursive script that reads "Dale Bickel".
