Subject: WBPR Directional FM Broadcast Antenna
Paxton, Massachusetts

Dear Mr. Moates,

On September 17, 2009, representatives of Outback Engineering, Inc. observed the installation of the FM broadcasting antenna for WBPR, Worcester, Massachusetts, at its new antenna site in Paxton, Massachusetts.

Outback Engineering certifies that the antenna was aimed in accordance with the manufacturer's installation drawing toward an azimuth of 180 degrees with respect to true north, within the prescribed tolerance of $\pm \frac{1}{2}^\circ$.

Very Truly Yours,

A handwritten signature in blue ink, appearing to read 'Jeffrey D. Youngquist', is written over a circular professional seal.

Jeffrey D. Youngquist, P. L. S.
Principal, Outback Engineering
