Subject: File No. BSTA-20110928AIJ -- Mexican coordination question

Gentlemen:

My client, Obidia Porras, has pending the above-referenced STA request (BSTA-20110928AIJ) for Low Power TV Station KGHD-LP (Channel 6), Overton, Nevada. The Video Division has asked me to confirm with your office whether or not coordination with Mexico is required in this case. My client's consulting engineer, Darryl DeLawder of DeLawder Communications, Inc., has informed me that the proposed STA transmitter site is located 401.2 kilometers from the US-Mexico Border. Since the US-Mexican VHF Border Agreement of April 18, 1962 provides that the coordination distance is 400 kilometers, I hope you will agree that no coordination with Mexico is required in this instance. I would greatly appreciate your letting us know your position on this matter at your earliest opportunity.

Thanks very much.
