

ESTABLISHED COMMUNITY PRESENCE

Existence of Applicant

The applicant is a non-profit Roman Catholic school. It opened in 1941 and has been in continuous operation since that time.

St. Paul the Apostle Catholic School is located at 152 Alabama Street, Spartanburg, South Carolina 29302, at approximate NAD27 coordinates 34° 57' 11" north latitude and 81° 55' 34" west longitude. The proposed transmitter and antenna location for our proposed low power FM station would be at NAD27 coordinates 34° 57' 06" north latitude and 81° 55' 32" west longitude, which is 162 meters (0.101 mile) away from our school's coordinates.

As we understand Section 73.853 of the FCC's Rules and Regulations, since the applicant's headquarters have been located within 20 miles of the proposed antenna location for more than the past two years, the applicant qualifies as an "established local applicant" for purposes of the so-called point system. Furthermore, five of our six school board members (all but Linda Hamrick) have resided within 20 miles of the proposed antenna location for at least the last 24 months.

Localism

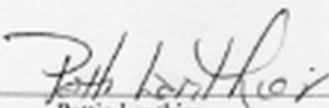

As noted above, our school has been in existence since 1941, and it has continuously operated since that time within 20 miles of the proposed transmitter and antenna site. With respect to Section IV Question 1, which we answered "01/01/1950"

antenna site. With respect to Section IV Question 1, which we answered "01/01/1950" because the form will not accept an earlier date, our response should be read as "12/31/1941".

Therefore, this application qualifies as an "established local applicant" pursuant to Section 73.853(b) of the FCC's Rules.

It is hereby stated under penalty of perjury that the foregoing statements are true and correct.

DATED this 14 day of November, 2013.
