Dear Applicant:

This refers to your attorney's letter dated March 4, 2015, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that due to failure to RF guide jumper and related components, the station has been operating at reduced power. You state that reduced power operations will continue to be necessary while the applicant is trying to repair or replace the equipment and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until September 6, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the typed name and title.
