

EXHIBIT 5
Compliance with Multiple Ownership Rules

This exhibit is being submitted with the instant minor change application to demonstrate compliance with the FCC's multiple ownership rules.

Local radio ownership rule.

CBS Radio Inc. of Philadelphia ("Applicant") is the licensee of WIP(AM), Philadelphia, Pennsylvania (Facility ID No. 28626). For purposes of the local radio ownership rule, WIP(AM) is deemed to be part of the Philadelphia, Pennsylvania Arbitron Metro. WIP(AM) is licensed to Philadelphia, Pennsylvania in Philadelphia County, which in turn is located in the Philadelphia, Pennsylvania Arbitron Metro.

In addition to WIP(AM), the Applicant and entities under common control with the Applicant (collectively, "CBS Radio") also own the following radio stations in the Philadelphia, Pennsylvania Arbitron Metro: KYW(AM), Philadelphia, Pennsylvania (Philadelphia County) (Facility ID No. 25441); WOGL(FM), Philadelphia, Pennsylvania (Philadelphia County) (Facility ID No. 9622); WPHT(AM), Philadelphia, Pennsylvania (Philadelphia County) (Facility ID No. 9634); and WYSP(FM), Philadelphia, Pennsylvania (Philadelphia County) (Facility ID No. 28628).

Attachment 1 was compiled on July 14, 2010 using BIA Research, Inc.'s Media Access Pro database. Attachment 1 lists all radio stations, including WIP(AM), that are licensed to communities within the counties comprising the Philadelphia, Pennsylvania Metro or that Arbitron designates as "home" to that Metro. As demonstrated in Attachment 1, there are 71 radio stations in the Philadelphia, Pennsylvania Metro, as so defined. Under the local radio ownership rule, Section 73.3555(a), a person or single entity (or entities under common control) in a radio market with 45 or more full-power, commercial and noncommercial radio stations may have a cognizable interest in up to 8 commercial radio stations, not more than 5 of which are in the same service (AM or FM).

As shown in Attachment 1, CBS Radio controls 3 AM radio stations and 2 FM radio stations in the Philadelphia, Pennsylvania Metro, including WIP(AM), which fully complies with the local radio ownership rule.

Radio-television cross ownership rule.

CBS Broadcasting Inc. ("CBS"), an indirect parent of the Applicant, is the licensee of KYW-TV, Philadelphia, Pennsylvania (Facility ID No. 25453), which is in the Philadelphia Designated Market Area ("DMA"). CBS's indirect subsidiary, Philadelphia Television Station WPSG, Inc., is the licensee for WPSG(TV), Philadelphia, Pennsylvania (Facility ID No. 12499),

which is also in the Philadelphia DMA. CBS also has an attributable interest in the five radio stations referenced above in the Philadelphia DMA.

In its 2002 Biennial Regulatory Review Report and Order, *2002 Biennial Regulatory Review – Review of the Commission’s Broadcast Ownership Rules and Other Rules Adopted Pursuant to Section 202 of the Telecommunications Act of 1996*, 18 FCC Rcd 13620 (2003), the Commission concluded that the radio-television cross-ownership rule no longer served the public interest and repealed the rule. *Id.* at 13768. However, the Third Circuit’s stay of the effective date of the FCC’s multiple ownership rules imposed in 2003 remains in effect as to the repeal of the radio-television cross-ownership rule. *See Prometheus Radio Project v. FCC*, 373 F.3d 372, 435 (3d Cir. 2004) (denying motion to lift stay of the radio-television cross-ownership rule). CBS thus remains subject to the radio-television cross-ownership rule.

The radio-television cross ownership rule is triggered when either (i) the Grade A contour of a television station encompasses the community of license of a commonly owned radio station, or (ii) when the 1 mV/m contour of an FM station or the 2 mV/m contour of an AM station encompasses the community of license of a commonly owned television station. Since KYW-TV, WPSG(TV), WIP(AM), and each of the four other radio stations controlled by CBS Radio are licensed to Philadelphia, Pennsylvania, it is self evident that contour encompassment triggers the radio-television cross ownership rule in this instance.

Although the radio-television cross-ownership rule is triggered by contour encompassment, the Commission determines compliance with the rule on an Arbitron Metro basis. In a market where at least 20 independently owned media voices will remain following the proposed transaction, to the extent permitted by the local radio ownership rule, an entity may hold attributable interests in two commercial television and six commercial radio stations. *See* 47 C.F.R. § 73.3555(c)(2)(i)(A) (2002). As shown in Table 1 attached to this exhibit, a minimum of 49 independently owned radio voices alone will remain in the Philadelphia market following the minor modification proposed herein. Therefore, common ownership of two television and five radio stations in the Philadelphia market complies with the radio-television cross ownership rule.
