Results Broadcasting of Rhinelander, Inc.  
Facility Identification Number: 190431  
Special Temporary Authority (STA)  
BSTA-20151130FXF

Dear Licensee:

This is in reference to the request filed November 30, 2015, on behalf of Results Broadcasting of Rhinelander, Inc. ("RBR"). RBR explains that the WHOH antenna failed, and that the station resumed reduced operations with a single antenna bay mounted at the authorized antenna height. RBR requests an STA to continue such operation until the antenna can be repaired and remounted.

Section 73.1680 of the Commission's rules provides for operation with emergency antenna facilities following damage to authorized antenna systems, provided that an informal request for continued use of an emergency antenna is filed with the Commission within 24 hours. In particular, Section 73.1680(b)(2) provides that FM and TV stations may erect any suitable radiator, or use operable sections of the authorized antenna(s) as an emergency antenna.

Accordingly, the request for STA IS HEREBY GRANTED. Station WHOH may continue to operate from its licensed site as described in the STA request.

RBR must notify the Commission when licensed operation is restored. RBR must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **June 15, 2016.**

Sincerely,

Dale Bickel  
Senior Engineer
