Re: Educational Media Foundation
WUKV(FM), Portsmouth, Ohio
Facility Identification Number: 65508
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed April 27, 2012, on behalf of Educational Media Foundation ("EMF"). EMF requests extension of the special temporary authority ("STA") granted on October 31, 2011, to operate FM Station WUKV with reduced antenna height.¹ In support of the request, EMF states that has been working with the tower owner and has resolved some of the problems, but that the tower registration still needs correction.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made progress toward restoration of licensed operation, but additional time is required for completing the work. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WUKV may continue to operate with the following facilities:

¹ WUKV is licensed for operation on Channel 202A (88.3 MHz) with effective radiated power of 1 kilowatt (H&V) and antenna height above average terrain of 196 meters.

Geographic coordinates: 38° 43' 22" N, 83° 00' 05" W (NAD 1927)
Channel 202 (88.3 MHz)
Effective radiated power: 0.2 kilowatt (H&V)
Antenna height:
 above ground: 36 meters
 above mean sea level: 371 meters
 above average terrain: 153 meters

EMF must notify the Commission when licensed operation is restored. EMF must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **November 29, 2012**.

Sincerely,

Charles N. Miller, Engineer
