Re: Construction Permit Application for Minor Change in Licensed Facilities  
INDY LICO, Inc.  
Station WGRL(FM), Fishers, Indiana  
Facility Identifier Number: 71438  
**CONTINGENT WITH CONSTRUCTION PERMIT APPLICATION  
FOR MINOR CHANGE IN LICENSED FACILITIES OF  
STATION WQKC(FM), SEYMOUR, INDIANA**

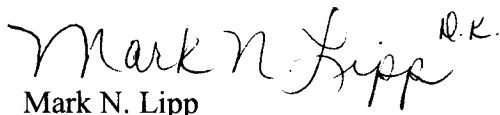

Dear Ms. Dortch:

Pursuant to Section 73.3517(e) of the Commission's Rules, INDY LICO, Inc. ("INDY"), licensee of Station WGRL(FM), Fishers, Indiana, by its counsel, submits its application for minor modification of construction permit on FCC Form 301. Specifically, INDY proposes to modify the transmitter site and effective radiated power of this facility. This application is contingent with the simultaneously filed construction permit application of S.C.I. Broadcasting, Inc. ("S.C.I."), which proposes to modify the non-directional antenna system of Station WQKC(FM), Seymour, Indiana, to a directional antenna system and to seek classification under Section 73.215 of the Commission's Rules. It should be noted that INDY and S.C.I. are both owned by Susquehanna Radio Corp. A Contingent Applications Narrative is enclosed that describes the arrangement between the parties.

An electronic FCC Form 159 will be submitted which designates a VISA card account number for payment of the Eight Hundred Dollar (\$800.00) required filing fee.

Please contact undersigned counsel if you have any questions about this Contingent Application.

Sincerely,

  
Mark N. Lipp
