Re: Request to Cancel FM Auxiliary Station License for  
WMVY at Edgartown, Massachusetts  
(License File No. BXLED-20130906ABJ, Facility ID 175715)

Dear Madame Secretary:

The license for the above captioned Auxiliary Facility was not transferred with the recently consummated assignment of the license for WMVY (formerly WMEX) at Edgartown, Massachusetts.

The auxiliary facility (and only the auxiliary facility) has been dismantled by the former licensee. Therefore, we hereby respectfully request that the auxiliary facility license be cancelled.

Please note that the main station license and construction permit are unaffected and should not be cancelled.

Very truly yours,

Dennis Jackson  
President  
Vineyard Public Radio, Inc.
