Subject: RE: KMZT-FM, LOS ANGELES BXPB-20041105AJS -- Automatic Program Test Authority Granted

Mr. Davis:

I have examined the information submitted by KZMT-FM for this auxiliary facility, and find that it satisfies the conditions on construction permit BXPB-20041105AJS. By this e-mail, automatic program test authority IS GRANTED.

This e-mail is being sent in lieu of a letter for the same purpose. Please save it with the station's records. Include a copy of this e-mail with the Form 302-FM application for license to cover this construction permit, to document that the conditions have been satisfied.

If you have any questions, please contact me.

Dear Dale,

On April 14, 2005, I faxed to you a copy of the letter from Mt. Wilson FM Broadcasters, Inc. (Mt. Wilson) requesting reinstatement of Automatic Program Test Authority, related to Mt. Wilson's construction permit for an auxiliary FM antenna.

You were going to look into why it was taking so long to get the automatic PTA reinstated. What did you find out?
