Re: KJSA (FM), Jonesboro, AR  
Jonesboro Seventh-Day Adventist Church  
Facility Identification Number: 176248  
Special Temporary Authority  
BESTA-20150930AER

Dear Licensee:

This is in reference to the request filed on October 8, 2015, on behalf of Jonesboro Seventh-Day Adventist Church ("JSDAC"). JSDAC requests extension of the April 8, 2015 Special Temporary Authority (STA) for temporary facilities. JSDAC has filed construction permit application BPED-20150331ACI for a new permanent site, but processing on that application has not yet been completed pending the receipt and review of information requested by the staff.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA extension IS HEREBY GRANTED. Station KJSA may continue to operate with the following facilities:

Geographic coordinates:	35° 50' 13" N, 90° 44' 24" W (NAD 1927)
Channel	209 (89.7 MHz)
Effective radiated power:	0.025 kilowatt (H&V)
Antenna height:	
above ground:	14 meters
above mean sea level:	110 meters
above average terrain:	22 meters

JSDAC must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **April 6, 2016**.

Sincerely,

A handwritten signature in black ink that reads "Dale Bickel". The signature is written in a cursive, slightly slanted style.

Dale Bickel
