This translator, BLFT-19880817TC, was grandfathered 01-20-1988.  
There is no change in the ERP and HAAT.

Portions of application being modified:

Section III-A - Engineering

Questions 2, 8, 9, and 10

Applicant is changing the primary station as well as the antenna system from a two-bay horizontal-only polarized antenna to a single-bay circular polarized antenna. A new transmitter is installed that will produce the required ERP for the single bay antenna. No changes in the height or ERP are being proposed.
