TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Oklahoma Community Television, LLC ("OCT"), permittee of digital low power/companion television translator K21IT-D, Channel 21, Weatherford, Oklahoma. OCT holds an outstanding permit for K21IT-D (BMPD TT-20091221ADO). This instant application seeks a license to cover the outstanding permit. Attached as Exhibit A is a calculation of the transmitter output power for the K21IT-D transmitter.

There are no special operating conditions or restriction on the K21IT-D construction permit. However, OCT will, in cooperation with other tower users, reduce the power of K21IT-D or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines. Based on the foregoing, it is believed K21IT-D is operating pursuant to the Commission's rules.
