

EXHIBIT 9 – CONSTRUCTED FACILITY

The instant application amends file number BLFT-20060412AAJ, FCC Form 350, Application for FM Translator License. The constructed facility agrees exactly with that authorized in the construction permit modification, file number BMPFT-20060412AAH, granted subsequent to the BMPFT-20060412AAJ license application having been accepted for filing.

The station has been operating at reduced power pending the grant of the construction permit modification noted above. Upon acceptance of the instant application, the station will operate with the parameters authorized in the construction permit modification under automatic program test authority pursuant to 47 CFR §74.14(b).
