

STA Justification Statement  
KTWN-LP Channel 43 Searcy, AR

KTWN-LP (facility ID 12929) has filed a displacement application (BDISDTA-20060717AAW) that it believes is acceptable. In view that, the applicant is requesting a special temporary authority (STA) to construct and operate the facility proposed in the above referenced application prior to the receipt of a construction permit. The licensee is aware that the issuance of a STA does not guarantee that a construction permit will be granted.
