Dear Mr. Lanzone,

The purpose of this letter is to certify that I supervised the assembly and installation of the new Electronics Research Inc. (ERI) model LP-1E-DA antenna authorized for the above referenced station.

The antenna was assembled and installed in accordance with the instructions and drawings supplied by ERI with the antenna. The antenna was oriented in accordance with the Construction Permit.

I also certify that I am an experienced broadcast systems technician with over 30 years experience in the broadcasting and related industries. I am holder of General Radiotelephone License PG-12-4503 and Amateur Radio Callsign WD6DWT. Additional referenced are available if required.

Please contact me if you have any questions.

Sincerely,

Kenneth A. Schreiner
