

### **Compliance with International Requirements**

The proposed FM translator is located approximately 58.3km from the Canadian border. As seen in Exhibit 12A, the 34dBu interfering contour of the proposed translator does not interfere with any Canadian facilities as the 34dbu contour is entirely over the water.

Therefore, the proposed translator fully complies with the requirement of 47 C.F.R. 74.1235(d) of the Commission's rules.
