

W255BO WQOR LPFM NON-PRECLUSION STUDY

This study has been provided out of an abundance of caution to demonstrate that this FM translator minor change will not preclude or have any effect on the placement of LPFM stations in the future in the Wilkes-Barre-Scranton radio market. Five allocation maps have been shown indicating that no LPFM (100 watt class) would be precluded by this proposal. Here is a table to show this:

Channel 253L1 - No preclusion effect as entire 39 km area within arc of WKRZ, Channel 253B, Freeland, PA

Channel 254L1 - No preclusion effect as entire 39 km area within arc of WKRZ, Channel 253B, Freeland, PA

Channel 255L1 - No preclusion effect as entire 39 km area within arc of WKRZ, Channel 253B, Freeland, PA

Channel 256L1 - No preclusion effect as entire 39 km area within arc of WAAL, Channel 256B, Binghamton, NY

Channel 257L1 - No preclusion effect as entire 39 km area within arc of WUSR, Channel 258A, Scranton, PA

It should be noted that this translator's site is located in Lackawanna County, PA with all of its 60 dBu contour located in Lackawanna and Luzerne Counties of PA. This translator is not changing location or frequency. The Wilkes-Barre-Scranton Arbitron radio market consists of the following Arbitron Metro Survey Counties:

1. Luzerne County, PA
2. Lackawanna County, PA
3. Wyoming County, PA
4. Columbia County, PA
5. Monroe County, PA
