Pacific and Southern Company, Inc.
WTSP(TV) St. Petersburg, Florida
Facility ID: 11290
Ch. 10 69 kW (MAX-DA) 476.9 m

Pacific and Southern Company, Inc. (“P&S”) is the licensee of digital television station WTSP(TV), St. Petersburg, Florida (see BLCDDT-20100212AAA). P&S has completed construction of the facility authorized in the construction permit (“CP”) FCC File No. BMPCDDT-20110106AAG, and has commenced automatic program test operation.

The WTSP(TV) CP contains one *Special Operating Condition*. The condition requires notification of health care facilities prior to the commencement of operation. Based on information provided by a technical representative of P&S, such notification was performed on February 2, 2010 prior to the construction of the licensed WTSP facility. This notification included medical facilities contained within the counties highlighted with a blue border on the attached **Exhibit 8-Figure1**. Since the medical facilities within the highlighted counties are also within the service contour of the WTSP(TV) CP facility, no further notification is believed necessary. Thus, the *Special Operating Condition* has been satisfied.
