

WMBF-TV, Myrtle Beach, South Carolina

**Exhibit 10
FCC Form 316
Section III, Paragraph 5**

The instant application seeks FCC consent to a *pro forma* intra-corporate restructuring involving the proposed assignment of permit of Station WMBF-TV (83969), Myrtle Beach, South Carolina,¹ from a direct subsidiary of Raycom Media, Inc. (“Raycom”) to a newly-formed indirect Raycom subsidiary.

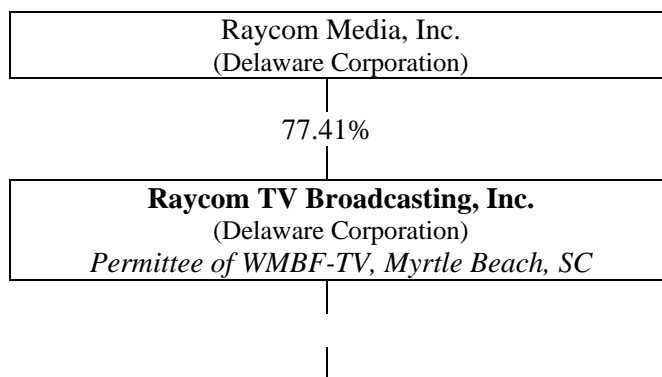

As reflected in the Annex A “Before” diagram, the permit of WMBF-TV is currently held by Raycom TV Broadcasting, Inc., which is a direct subsidiary of Raycom.

As reflected in the Annex A “After” diagram, pursuant to the proposed intra-corporate restructuring, the permit of WMBF-TV will be assigned to WMBF License Subsidiary, LLC, a newly-formed Delaware limited liability company and an indirect subsidiary of Raycom TV Broadcasting, Inc. Both WMBF, LLC, the sole member of WMBF License Subsidiary, LLC, and Raycom Holdings, LLC, the sole member of WMBF, LLC, are existing subsidiaries of Raycom TV Broadcasting, Inc.

Because the proposed transaction involves a corporate reorganization which does not involve any substantial change in the beneficial ownership of the permittee, it is properly the subject of FCC Form 316. *See* Section 73.3540(f)(4) & (5).²

¹ The station, which holds a permit to construct DTV facilities on Channel 32, plans to commence operations as a digital station later this year.

² As a *pro forma* corporate reorganization, there is not any consideration exchanged in this transaction, nor is there any purchase agreement.
