Engineering Statement

A study indicates that excessive interference would be caused to TT K18A0, #33744, Oroville-Paradise, California. That facility has discontinued its operation on Channel 18 permanently (please see pending application BDISTT-20060309AAV and related BSTA-20060310AAZ) and is presently operating on Channel 42. Accordingly, it is requested that the data base entry on Channel 18 be disregarded.
