Dear Mr. Fox:

By letter dated March 25, 2011, the Video Division requested information from Metro TV, Inc., the licensee of Class A television station WNDR-LP, Syracuse, New York, regarding its failure to make the required quarterly Form 398 electronic filings for WNDR-LP. The letter also stated that if the failure to make the quarterly filings was due to Metro TV's election to let WNDR-LP revert to low power television status, it need only notify the Commission of this election and request a change in status for the station as permitted by Section 73.6001(d) of the Commission's rules.

In an email dated April 25, 2011, you requested a change in status for WNDR-LP from Class A to low power television status. Please be informed that we have changed the status of WNDR-LP as requested and that no further action is required of Metro TV, Inc.
