

The map displays the Gulf Coast region of the United States, including parts of Alabama, Georgia, Florida, and Mississippi. A large green circle indicates the 60 dBu F(50,50) coverage area for WZKX(FM), which is centered near the intersection of 90°W and 30°N. A blue circle indicates the 60 dBu F(50,50) coverage area for the proposed W260AZ station, which is centered near the intersection of 85°W and 30°N. The map shows numerous towns and cities, including Montgomery, Tallahassee, Jacksonville, Orlando, Miami, Fort Lauderdale, Tampa, St. Petersburg, Pensacola, and many others. The Gulf of Mexico and the Atlantic Ocean are also visible.
