Dear Mr. Parish,

On July 31, 2019 GDR Engineering, Inc. established regional GPS control and a baseline on an Azimuth of 150° from center of KCJH Antenna to be used for alignment. On August 9, 2019, GDR Engineering, Inc. verified the antenna was aligned to Azimuth 150° from true north (+/- 30 minutes).

The baseline was established using Topcon Hiper VR GPS base and receiver and Topcon FC500 data collector.

Sincerely,

A handwritten signature in blue ink that reads "S Harp".

Sean Harp, P.L.S.
Principal Land Surveyor
