**NEW FM RADIO STATION**  
**CH 215A - 90.9 MHZ - 0.28 KW (DA)**  
**MINDEN, LOUISIANA**  
**October 2007**

**TECHNICAL STATEMENT**

This Technical Statement and attached exhibits were prepared on behalf of Family Life Educational Foundation ("FLEF"), an applicant seeking authority to construct a New FM station on Channel 215A at Minden, Louisiana.

FLEF is proposing to locate its New FM station on an existing tower. As such, the Federal Aviation Administration was not apprised of this proposal. The tower on which the antenna is to be located has been registered with the Commission and assigned Antenna Structure Registration Number 1239813. All exhibits called for on FCC Form 340, Section VII, are attached hereto, including an analysis of the proposed facilities in comparison to all other potentially impacted non-commercial stations on co- and adjacent channels (see Exhibit A). The proposed New FM facility is within the referenced distance to VHF television station KTAL-TV, Channel 6, Texarkana, Texas (see Exhibit B for §73.525 compliance).

An analysis of the level of new non-commercial service this proposed facility will provide is attached as Exhibit C. All other exhibits used to certify the information contained in the application have been forwarded to FLEF and are available for submission to the Commission upon request.<sup>1</sup>

---

1) The undersigned has evaluated only the radio frequency radiation exposure limits of this proposal. All other environmental issues will be, or have been, reviewed by the applicant. Further, all data regarding broadcast facilities was extracted from the CDBS database. We assume no liability for errors or omissions in that database that may be adverse to the requests contained herein.
