<sup>1</sup> The Class A voting stock of Cumulus Media Inc. ("CMI") is publicly-traded and is held by, among others, various investment companies, insurance companies, or other institutional investors. To CMI's knowledge, except as set forth in this table, all of these institutional investors hold less than 10% of CMI's voting stock and none of them has any influence, either directly or indirectly, over the management or operation of CMI or its subsidiaries. Furthermore, with the sole exception of B.A. Capital Company, L.P., which holds approximately 2% of CMI's voting stock (*see* Assignee's Exhibit 12), none of CMI's officers or directors are associated with any of the institutional investors.

<sup>2</sup> This column sets forth information with respect to equity holdings only and does not include debt. The amount of CMI's outstanding debt constantly fluctuates. No party providing debt financing to CMI (or any party under common control with the debt provider) holds an attributable interest in CMI or any party under common control with CMI. Consequently, providing information as to debt holdings would have no bearing on the identification of parties with attributable interests in CMI. To the extent such information relating to debt were included, it would merely reduce the percentages of certain parties in this column in the total assets of CMI.
