WHEREAS, Licensee, an NBC affiliate, has available broadcasting time and is engaged in the business of broadcasting on the Station, and

WHEREAS, Programmer desires to avail itself of Station's broadcast time for up to twenty-four (24) hours per day, in conformity with all rules, regulations, and policies of the Federal Communications Commission ("FCC"), all applicable statutes and laws, and all rules, regulations, and policies of any applicable regulatory body or agency;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto have agreed and do agree as follows:

WITNESSETH:

1. **Facilities.** Licensee agrees to make 98% of its broadcasting transmission facilities available to Programmer and to broadcast on the Station, or to cause or to allow to be broadcast, for all or substantially all of the Station's air time, as set forth in this Agreement, programs produced or provided by Programmer. Programmer shall provide

entertainment programming of its selection, together with commercial matter, news, public service announcements, and other suitable programming for broadcast on the Station. Programmer shall also have the right to provide telecommunications service on the vertical blanking interval and the right to use the Station's TV aural baseband subcarriers and to derive revenue from such use. The compensation to be paid to the Licensee for the programs shall be as set forth in Attachment I hereto. Licensee represents that it has a studio at Meridian, Mississippi.

2. **Payments.** Programmer hereby agrees to pay to Licensee, for the broadcast of the programs provided by Programmer, the amounts specified in Attachment I on a monthly basis. Payment for the programs are due and payable on the last day of the calendar month. All compensation from NBC paid thereafter shall be the property of the Programmer.

3. **Term.** The initial term of this Agreement shall be for a period of five (5) years from the effective date of this Agreement as hereinafter specified. Unless this Agreement is terminated, as provided herein, prior to its scheduled expiration date, Programmer has the option of two consecutive 5 year renewals at its sole option. Notice of Programmer's exercise of the renewal option must be delivered to Licensee no later

than sixty (60) days prior to expiration of the current 5 year term.

4. **Programs.** Programmer shall furnish or cause to be furnished the artistic personnel and material for the programs as provided by this Agreement and all programs shall be in good taste and in accordance with FCC requirements and other applicable laws or regulations. All programs shall be prepared and presented in conformity with the requirements prescribed in Attachment II hereto, with all costs related hereto paid by Programmer.

5. **Handling of Mail.** Except to the extent required to assure compliance with FCC requirements governing maintenance of the station's public inspection file, Licensee shall not be required to receive or handle mail, facsimile transmissions, cables, telegraph or telephone calls, in connection with programs broadcast hereunder unless Licensee at the request of Programmer has agreed in writing so to do. Programmer shall, however, maintain a telephone line exclusively for the use of Station, so that the public will have an available phone line on which to call Licensee concerning station.

6. **Programming and Operations Standards.** Programmer agrees to abide by the standards set forth in Attachment II in its programming and operations. Programmer further agrees that if, in the sole judgment of Licensee or its Station's General Manager, Programmer does not comply with said standards, Licensee may suspend or cancel any

program not in compliance.

7. **Responsibility for Employees and Expenses.** The parties' responsibilities for Employees and expenses are as follows:

A. Licensee shall retain full responsibility for the Station's compliance with all applicable provision of the Communications Act of 1934, as amended, the rules, regulations, and policies of the FCC and all other applicable laws, including, without limitation, laws relating to equal employment opportunity, human exposure to radio frequency radiation, and the safety of air navigation. Licensee shall engage its own general manager/chief operator for the Station who shall be responsible to Licensee and not to Programmer for overseeing the day-to-day operations and programming of the Station and the Station's compliance with all engineering requirements. Licensee's general manager/chief operator will report and be accountable solely to Licensee and shall have no employment or consulting relationship with Programmer. Licensee shall be responsible for the salaries, taxes, insurance and related cost of all personnel employed by Licensee. Licensee shall maintain all authorizations required for the construction and operation of the Station in full force and effect during the term(s) of the Agreement, unimpaired by any acts or omissions of the Licensee. Licensee represents that there is not now pending or, to Licensee's knowledge, threatened, any action by the FCC or any other party that

may adversely affect any of the authorizations necessary for the operation of the Station. Licensee shall not sell, transfer, assign, pledge, or otherwise dispose of any of the assets used for the operation of the station, except with the prior written consent of the Programmer, and such consent shall not be unreasonably withheld, if such action would adversely affect Programmer's performance hereunder or the business operations of Programmer permitted hereby. Licensee shall cooperate with Programmer, at Programmers expense, in making such arrangements as Programmer shall reasonably request to deliver Programmer's programming from any remote location to the Station's transmitter site.

B. Programmer's Responsibilities. Programmer, for all programs produced or provided by it, is responsible for the Station's compliance with all engineering requirements as well as all applicable provision of the Communications Act of 1934, as amended, the rules, regulations, and policies of the FCC and all other applicable laws and statutes, including, without limitation, laws relating to equal employment opportunity, Americans with Disabilities Act, Family Medical Leave Act, human exposure to radio frequency radiation, and the safety of air navigation. Programmer shall employ and be responsible for the salaries, taxes, insurance, and related

costs for all personnel used in the production and/or providing of the programs supplied to the Station hereunder, and all other costs incurred by Programmer for the acquisition or production of such programs or operation of the Station. Programmer shall be responsible for any expenses incurred in the origination and/or delivery of programming from any remote location to the Station's transmitter site, and for any publicity or promotional expenses incurred by the Programmer. Programmer shall be responsible for all maintenance associated with the Station, its studio, and transmitter. Notwithstanding anything to the contrary, Programmer shall be responsible for any replacement parts and equipment required for the operation of the Station and all such parts and equipment become the property of the Licensee. Licensee shall, during the term of this agreement, maintain all authorizations required for the construction and operation of the Station in full force and effect, unimpaired by any acts or omissions of the Programmer. Licensee represents that there is not now pending or, to Licensee's knowledge, threatened, any action by the FCC or any other party that may adversely affect any of the authorizations necessary for the operation of the Station. Licensee shall not sell, transfer, assign, pledge, or otherwise dispose of any of the assets used for the operation of the station, except with the prior written consent of the Programmer. Programmer will coordinate with Licensee to insure that the programming includes

material that relates to the community problems, needs, interests, including the needs of children for educational and informational programming. Programmer shall maintain full replacement value insurance on the Station's transmitter, transmission line, and antenna and, in the event of any loss or damage to such property, Programmer shall use the proceeds of any applicable insurance policies to replace, restore or repair the lost or damaged property as promptly as practicable. 8. Operation of Station. Notwithstanding anything to the contrary in this Agreement, Licensee shall have full authority and power over the operation of the Station during the period of this Agreement. Licensee shall select and employ the general manager/chief operator of Station, who shall report solely to and be accountable solely to Licensee and who shall direct the day-to-day operations of the Station. Licensee shall retain control in its absolute discretion over the policies, programming and operations of the Station, including, without limitation, the right to decide whether to accept or reject any programming or advertisements, the right to preempt any programs in order to broadcast a program deemed by Licensee to be of greater national, regional, or local interest, or those interests of East Mississippi or West Alabama, and the right to take any actions necessary for compliance with the laws of the United States, the State of

Mississippi and the rules, regulations and policies of the FCC. If Licensee chooses to exercise its right to reject programming, including that which is unsuitable or contrary to public interest, the Programmer's payment to Licensee shall be reduced on a pro rata basis based on the amount of programming so rejected. Notwithstanding anything herein to the contrary, in the event Licensee preempts Programmer's programs for a broadcasting day, Programmer shall receive a payment credit of \$1900 for each day in which Programmer's broadcasting was interrupted. If broadcasting is terminated for two or more hours on each of three or more days in a calendar month by the Licensee, then the amount payable to Licensee for the month pursuant to Attachment I hereto shall be zero. So that Licensee will have the ability to effectively exercise this provision of the agreement, Programmer shall provided to Licensee on Sunday of every week its planned program schedule for the upcoming week.

9. **Special Events.** Licensee reserves the right in its discretion to preempt any of the broadcasts of the programs referred to herein, and to use part or all of the time contracted for herein by Programmer for broadcast of special news events of public importance to Meridian, East Mississippi or West Alabama and other communities and areas within the coverage contour of the Station. In all such cases, Licensee will use its best efforts to give Programmer reasonable notice of its intention to preempt such

broadcast or broadcasts.

10. **Broadcast Interruption.** Any failure or impairment of facilities or any delay or interruption in broadcasting programs, or failure at any time to furnish facilities, in whole or in part, for broadcast, due to Acts of God, strikes or threats thereof, or force majeure, or due to causes beyond the control of Licensee and Programmer, shall not constitute a breach of this Agreement.

If interruptions occur due to equipment failure or malfunction, that are not in any way due to the intentional acts or negligence of Programmer, either in the maintenance or operation of the Station, which cause the station broadcast operation to be interrupted, for more than a total of two hours per day on each of two or more days (whether or not consecutive) during one calendar month, Programmer shall give Licensee written notice of such interruption and the reason therefor. Programmer shall then have twenty (20) days to replace any equipment whose failure or malfunction has caused such interruption, which time may be extended by mutual agreement of the parties. If Programmer fails to replace such equipment by the end of the 20 days, or by the end of such other period as the parties agree, then the Licensee will have the option of pursuing its remedies under Paragraph 15(D) of this Agreement. In no event may Programmer terminate this Agreement if broadcasting on the Station is interrupted due to the failure

for any reason of the Programmer to maintain the Station in proper working order.

11. **Advertising, Programming, and Other Contracts.** The right to use the programs and to authorize their use in any manner and in any media whatsoever, shall be and remain vested in Programmer. Programmer shall be entitled to all revenue from the sale of advertising or program time on the Station. Programmer assumes all obligations of Licensee under any contract, agreement or arrangement relating to advertising and/or programming, entered into by Licensee. Programmer shall honor those contracts for tower use and Programmer is entitled to all revenue derived therefrom. In any event, Programmer shall use ~~all~~ ^{the} revenues derived from the operation of the Station to pay the operating costs and expenses of the Station.

12. **Payola.** Programmer agrees that Programmer will not accept any compensation of any kind or gift or gratuity of any kind whatsoever, regardless of its value or form, including, but not limited to, a commission, discount, bonus, materials, supplies or other merchandise, services or labor, whether or not pursuant to written contracts or agreements between Programmer and merchants or advertisers, unless the payer is identified in the program as having paid for or furnished such consideration in accordance with FCC requirements. Programmer agrees to execute and provide Licensee with a Payola Affidavit, substantially in the form which is attached hereto as Attachment

III.

13. **Compliance with Law.** Programmer agrees that throughout the term of this Agreement Programmer will comply with all laws and regulations applicable in the conduct of Licensee's business.

Licensee shall coordinate with Programmer the Station's station identification announcements so that Licensee's announcements are aired in accord with FCC rules. In addition, Licensee and Programmer shall coordinate the broadcast of such sponsorship identification announcements as are necessary and appropriate concerning the programming supplied by Programmer hereunder. Licensee shall maintain a main studio within the Station's principal community contour, or at such other location as may be authorized by the FCC, and shall also maintain the Station's local public inspection file in Meridian, Mississippi or at such other location which, in the opinion of Licensee, would comply with FCC regulations. Programmer shall cooperate fully with Licensee to ensure that the public inspection file includes all information required by the Commission's rules, including its political broadcasting rules.

14. **Indemnification; Warranties.** Programmer warrants that the broadcasting of the programs, excluding any and all programs broadcast by Licensee in lieu of

Programmers programming, and operation of the Station will not violate any applicable laws, statutes, regulations, rules, or rights of others. Programmer agrees to hold harmless and indemnify Licensee, the Station, its agents, officers, board of directors, employees, and subsidiaries, from any and all claims, damages, liability, costs and expenses, including counsel fees (at trial and on appeal), arising from the operation of the station, or production and/or broadcasting of the programs. Licensee reserves the right to refuse to broadcast any and all programs containing matter which is, or in the reasonable opinion of Licensee may be, or which a third party claims to be, violative of any right of theirs or which may constitute a personal attack as the term is defined by the Federal Communications Commission.

Programmer shall indemnify, defend, and hold harmless Licensee from and against any and all claims, losses, costs, liabilities, damages, FCC forfeitures, and expenses (including reasonable legal fees and other expenses incidental thereto) of every kind, nature and description, arising out of (i) Programmer's broadcasts under this Agreement; (ii) any misrepresentation or breach of any warranty of Programmer contained in this Agreement; and (iii) any breach of any covenant, agreement or obligation of Programmer contained in this Agreement.

programming on the Station is terminated for two or more hours per day (whether or not consecutive) for each of five or more days (whether or not consecutive) during any one calendar month, then Licensee may immediately and unilaterally terminate this Agreement by written notice without allowing Programmer the benefit of cure.

E. Cure Periods. An Event of Default, other than for failure to broadcast, shall not be deemed to have occurred until twenty (20) business days after Licensee has provided Programmer with written notice specifying the event or events that if not cured would constitute an Event of Default and specifying the actions necessary to cure within such period. This period may be extended for a thirty (30) day period of time if the Programmer is acting in good faith to cure and such delay is not materially adverse to Licensee.

F. Termination Upon Default. In the event of the occurrence of an uncured Event of Default by Programmer, Licensee shall be under no further obligation to make available to Programmer any further broadcast time or broadcast transmission facilities and all amounts accrued or payable to Licensee up to the date of termination which have not been paid shall immediately become due and payable. In the event of the occurrence of an uncured Event of Default by Licensee, Programmer shall be under no further obligation to provide programming for the Station to Licensee. Licensee shall be

liable for any reasonable losses suffered by Programmer or claims asserted against Programmer by third parties as a direct or indirect result of Licensee's default as provided in Paragraph 15 hereof; and Programmer will owe no further sums to Licensee pursuant to this Agreement.

G. **Liabilities Upon Termination.** Programmer shall be responsible for all liabilities, debts and obligations the Programmer accrues from the purchase of air time and transmission facilities including, without limitation, accounts payable, barter agreements and unaired advertisements but not for Licensee's Federal and local tax liabilities associated with Programmer's payment to Licensee as provided for herein. In the event of Programmer's breach of this contract or default in any term and the agreement is terminated, Programmer shall be liable for all costs and expenses incurred in the operation of the station and will also be obligated to pay to Licensee within forty-five (45) days of such breach or default, an amount equal to the monies due Licensee for the six months preceding such breach or default.

16. **Representations.** Both Licensee and Programmer represent that they are legally qualified, empowered, and able to enter into this Agreement, and that this Agreement will not constitute a breach or default under any agreement or certification to which it is a party.

17. **Modification and Waiver.** No modification or waiver of any provision of this Agreement shall in any event be effective unless the same shall be in writing, and then such waiver and consent shall be effective only in the specific instance and for the purpose for which given.

18. **No Waiver; Remedies Cumulative.** No failure or delay on the part of the Licensee or Programmer in exercising any right or power hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other further exercise thereof or the exercise of any other right or power. The rights and remedies of Licensee and Programmer herein provided are cumulative and are not exclusive of any right or remedies which it may otherwise have.

19. **Construction.** This Agreement shall be construed in accordance with the laws of the State of Mississippi, and the obligations of the parties hereto are subject to all federal, state or municipal laws or regulations now or hereafter in force and to the regulations of the FCC and all other governmental bodies or authorities presently or hereafter to be constituted.

20. **Headings.** The headings contained in this Agreement are included for convenience only and no such heading shall in any way alter the meaning of any provision.

21. **Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns.

22. **Counterpart Signatures.** This Agreement may be signed in one or more counterparts, each of which shall be deemed a duplicate original, binding on the parties hereto notwithstanding that the parties are not signatory to the original or the same counterpart. This Agreement shall be effective as of the date on which the executed counterparts are exchanged by the parties.

23. **Effective Date.** This Agreement shall be effective as of 12:01 a.m., August 1, 1995. Notwithstanding any other provision to the contrary, all debts, liabilities, and obligations incurred by Licensee in connection with the Station prior to the effective date hereof shall be and remain solely the debts, liabilities, and obligations of Licensee and Licensee shall be solely responsible for the discharge thereof. All of the Station's accounts receivable and income for services performed prior to such time and date, shall remain the property of Licensee. However, Programmer agrees to use its best efforts to collect, in a reasonable and professional manner, all of Station's accounts receivables and use said

sums to pay Station's accounts payable.

24. **Notices.** Any notice required hereunder shall be in writing and any payment, notice or other communications shall be deemed given when delivered personally, or mailed by certified mail, postage prepaid, with return receipt requested, and addressed in accordance with the listing set forth in Attachment IV hereto.

25. **Entire Agreement.** This Agreement embodies the entire agreement between the parties and there are no other agreements, representations, warranties or understandings, oral or written, between them with respect to the subject matter hereof. No alteration, modification or change of this Agreement shall be valid unless by like written instrument.

26. **Severability.** In the event that any provisions contained in this Agreement are held to be invalid, illegal or unenforceable, such event shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provisions had not been contained herein.

27. **Termination.** If Programmer fails to operate the Station as an NBC affiliate as required by NBC and cancellation of the affiliate agreement with NBC occurs that will be considered a breach of this agreement and this Programming Services Agreement will be terminated and all rights and remedies for breach of this agreement

will be available to Licensee.

28. Licensee and Programmer have entered into this Agreement in reliance on the FCC's current policies and rules permitting time brokerage agreements. If the FCC should change its policies and rules permitting time brokerage agreement, such that performance of this Agreement violates the FCC's rules or is likely to be considered materially adverse in a renewal proceeding, then the parties hereto agree to use their best efforts to reform this Agreement to conform to all new FCC rules and policies prior to the effective date of such rules or policies, including any grandfathering periods the FCC may allow.

IN WITNESS WHEREOF, the parties have executed this Agreement in duplicate original as of the date first above written.
