

DEMONSTRATION OF COMPLIANCE
WITH MULTIPLE OWNERSHIP RULES

In this application Point Five LLC (“P5”), is requesting a construction permit for a new FM station licensed to Barstow, CA. The purpose of this exhibit is to demonstrate that P5’s ownership of the proposed station fully complies with the Commission’s multiple ownership regulations.

The Barstow station would be “home” to the Arbitron Victor Valley radio market. P5 has attributable interests (minority percentages) in two existing FM radio stations in the Arbitron Victor Valley radio market: KHRQ (FM), Baker, California, and KHDR (FM), Lenwood, California. P5 has no attributable ownership interest, whether by ownership, LMA, or JSA, in any other station in the Victor Valley market. Nor does the principal community contour of the Barstow station proposed in this application have any overlap with the principal community contour of any other station located in non-metro market areas in which P5 or parties to this application have attributable interests.

The most recent available Arbitron data for the Victor Valley radio market reveals that there are 35 commercial and noncommercial radio stations in the market. *See* the BIA FCC Geographic Market Definition for Victor Valley, attached hereto. Under the broadcast multiple ownership rules, in a radio market with between 30 and 44 commercial and noncommercial radio stations, an entity may lawfully own, operate, and control up to 7 radio stations, only 4 of which may be in one class. Accordingly, P5’s attributable interest in three FM stations in the market is fully compliant with the multiple ownership rules.
