Media Bureau

Grant Date: May 28, 2008

Facility Id: 106561

Call Sign: KNBE

This license expires 3:00 a.m.  
local time, June 01, 2013.

License File Number: BLED-20080428AAY

This license covers permit no.: BNPED-19990927AAP, as modified by permit  
BMPED-20060719ACS.

Subject to the provisions of the Communications Act of 1934, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this license, the licensee is hereby authorized to use and operate the radio transmitting apparatus herein described.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

Callsign: KNBE

License No.: BLED-20080428AAY

Name of Licensee: FAMILY WORSHIP CENTER CHURCH, INC.

Station Location: NE-BEATRICE

Frequency (MHz): 88.9

Channel: 205

Class: C3

Hours of Operation: Unlimited

Transmitter: Type Accepted. See Sections 73.1660, 73.1665 and 73.1670 of the Commission's Rules.

Transmitter output power: 1.50 kW

Antenna type: Directional

Description: SHI 6513-2/2-DA

Antenna Coordinates: North Latitude: 40 deg 33 min 03 sec

West Longitude: 96 deg 38 min 45 sec

Horizontally Polarized Antenna	Vertically Polarized Antenna
--------------------------------------	------------------------------------

Effective radiated power in the Horizontal Plane (kW):	7.5
--	-----

Height of radiation center above ground (Meters):	140
---	-----

Height of radiation center above mean sea level (Meters):	558
---	-----

Height of radiation center above average terrain (Meters):	140
--	-----

Antenna structure registration number: 1253057

Overall height of antenna structure above ground (including obstruction lighting if any) see the registration for this antenna structure.

Special operating conditions or restrictions:

- 1 The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.

Callsign: KNBE

License No.: BLED-20080428AAY

Special operating conditions or restrictions:

- 2 The relative field strength of neither the measured horizontally nor vertically polarized radiation component shall exceed at any azimuth the value indicated on the composite radiation pattern authorized by construction permit BMPED-20060719ACS.

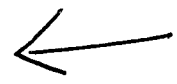

A relative field strength of 1.0 on the composite radiation pattern herein authorized corresponds to the following effective radiated power:

7.5 kilowatts.

Principal minima and their associated field strength limits:

290 degrees True: 0.67 kilowatt

- 3 Waiver of the main studio rule, 47 CFR Section 73.1125, IS GRANTED to permit the operation of KNBE as a satellite of WJFM, Baton Rouge, LA (Facility ID No. 31171). The licensee shall abide by each of the representations made in its waiver request (see WFFM construction permit BMPED-20060908AAY).

In Re: KPSH(FM) Coachella, California  
Family Worship Center Church, Inc.  
Facility ID No. 87604

File No. BLED-20031223ABE  
License to Cover

Request for Waiver of 47 C.F.R.  
§73.1125 (Main Studio Rule)

Dear Counsel:

The staff has under consideration the referenced application for a license to cover KPSH(FM), a noncommercial educational ("NCE") FM station in Coachella, California, filed by Family Worship Center Church ("FWCC"). In the application, FWCC also seeks a waiver of the Commission's main studio requirement, 47 C.F.R. Section 73.1125, in order to operate KPSH(FM), as a "satellite" of its NCE FM station WJFM(FM), Baton Rouge, Louisiana.<sup>1</sup> For the reasons set forth below, we shall grant FWCC's waiver request and its application.

Pursuant to Section 73.1125(a), a main studio must be located either (1) within a station's community of license, (2) within the principal community contour of any other broadcast station licensed to its community, or (3) within 25 miles of the center of its community of license.<sup>2</sup> However, under Section 73.1125(b)(2), the Commission will waive these requirements where good cause exists to do so and where the proposed studio location would be consistent with the operation of the station in the public interest. Each waiver request by an NCE station is considered on a case-by-case basis. The Commission has recognized the benefits of centralized operation for NCE stations, given their limited funding, and thus found good cause exists to waive the main studio location requirement where satellite operations are proposed.<sup>3</sup> A satellite

<sup>1</sup> A "satellite" meets all of the Commission's technical rules. However, it originates no programming and instead rebroadcasts the parent station's programming. See *Amendment of Multiple Ownership Rules Memorandum Opinion and Order*, 38RR2d 1554, 1562 (1964).

<sup>2</sup> See *Review of the Commission's Rules Regarding the Main Studio and Local Public Inspection Files of Broadcast Television and Radio Stations*, 13 FCC Rcd 15691 (1998), recon. granted in part, 14 FCC Rcd 11113 (1999) ("Reconsideration Order").

<sup>3</sup> *Id.*

station must, however, demonstrate that it will meet its local service obligation to satisfy the Section 73.1125 public interest standard.<sup>4</sup>

FWCC's request is based on the economies of scale which would be realized by grant of its waiver, e.g., avoiding the cost of equipping, staffing, and operating a studio in the Coachella area. We agree and conclude that there is good cause to waive 47 C.F.R. Section 73.1125(a) under these circumstances. FWCC proposes to operate KPSH(FM), Coachella, California, as a satellite station of WJFM(FM), Baton Rouge, Louisiana, approximately 1,485 miles from Coachella. Where there is significant distance between the parent and satellite station, and where the parent and satellite station are in different states, as here, we are particularly concerned that the licensee takes adequate measures to maintain its awareness of the satellite community's needs and interests. To that end, FWCC has pledged to meet its local service obligations by: (1) developing a "volunteer listener program" which will have one to three local listeners committed to being available to check on the transmitter and to provide a local presence for listeners to contact with comments and issues; (2) advertising for the volunteer program in the local newspaper once per quarter encouraging local parties to contact FWCC by either an 800 telephone number, mail or e-mail; (3) engaging in local surveys in Coachella to determine the concerns and needs of the community which would be addressed in the programming from the network as part of its normal broadcast; (4) working to develop a list of concerns and to improve the programming; (5) integrating an on-air question and answer session with local listeners once per week into the programming, and (6) maintaining its public file within the community of license.

In these circumstances, we are persuaded that FWCC will meet its local service obligation and, thus, that grant of the requested waiver is consistent with the public interest. We remind FWCC, however, that, notwithstanding its commitment to maintain a public inspection file in Coachella, it must also maintain a public file for KPSH(FM) at the main studio of the parent station, WJFM(FM), Baton Rouge, Louisiana. It must also make reasonable accommodation for listeners wishing to examine the file's contents.<sup>5</sup> We further remind FWCC that, notwithstanding the grant of the waiver requested here, the public file for the station must contain the quarterly issues and programs list, as required by 47 C.F.R. Section 73.3527(e)(8).

We have examined the application (BLED-20031223ABE) to cover the license for station KPSH(FM). We find that the application complies with all pertinent statutory and regulatory requirements and thus that the public interest, convenience and necessity would be furthered by its grant.

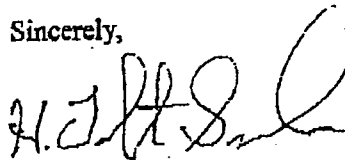

---

<sup>4</sup> *Id.*

<sup>5</sup> See *Reconsideration Order*, 14 FCC Rcd at 11129.

Accordingly, the license application (BLED-20031223ABE) of FWCC for KPSH(FM), Coachella, California, as well as its request for waiver of 47 C.F.R. Section 73.1125 ARE GRANTED. The authorization is enclosed.

Sincerely,
