

Additional Amendments to BPED-20021011AAY

NOTE: This amendment is in addition to other amendments to this application previously filed.

<u>Section</u>	<u>Question</u>	<u>Revision</u>
VII	1	Corrected channel for CP application. The form inherited the channel from the original authorization, which we overlooked. This application proposes to use channel 214.
VII	2	Corrected class for CP application. The form inherited the class from the original authorization, which we overlooked. This application proposes to be class C3.
VII	12	Some wording in the original Exhibit 13 (Exhibit13.pdf) could have been misunderstood in a manner inconsistent with the intended representations. It was changed in Exhibit 13B (Exhibit13B.pdf) for more clarity.
