Facility Identification Number: 89986  
Special Temporary Authority  
BESTA-20161011AED

Dear Licensee:

This is in reference to the request filed October 11, 2016, on behalf of Church Planters of America (“CPA”). CPA requests an extension of the April 11, 2016 Special Temporary Authority (STA) for continued reduced power operation because of wind damage that requires repairs. Repeated attempts to locate the problem and effect repairs have not yet been successful.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA IS HEREBY GRANTED. Station WGHW may continue to operate at reduced power. CPA must notify the Commission when authorized operation is restored. CPA must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

**This authority expires on April 15, 2017.**

Sincerely,

A handwritten signature in black ink that reads "Dale Bickel". The signature is written in a cursive style with a large initial "D" and a long, sweeping underline.
