

### **Changes Contained in This Amendment**

Educational Media Foundation (“EMF”) is amending its application for K220FR to correct a minor error in the application. The application now complies with the minor change rules since its proposed 60db overlaps the current licensed 60db contour (See Exhibit 1-A). ERP is increased to 100 watts (as a fill in to KYRA-FM) and the directional antenna rotation has been changed to 340 degrees azimuth.

Changes to the application are as follows:

1. Section III-A, Item 9: ERP has been updated.
2. Section III-A, Item 10: Transmit antenna rotation has been updated.
3. Section III-A, Item 11(a): Exhibit 10 has been added.
4. Section III-A, Item 12(a): Exhibit 13 has been updated.
5. Section III-A, Item 15: Exhibit 17 has been updated.
