Re: Calvary Chapel of Kansas City
K229AU(FX), Lee's Summit, Missouri
Facility Identification Number: 145422
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed December 15, 2011, on behalf of Calvary Chapel of Kansas City ("CCKC"). CCKC requests special temporary authority ("STA") to operate FM Translator K229AU with reduced power.[1] In support of the request, CCKC states that it has received complaints of interference to a full-service station and has filed an application to move to a new channel. In the interim, CCKC requests STA to operate with reduced power to alleviate the interference.

Our review indicates that the Public Interest would be served by grant of the requested STA.

Accordingly, the request for STA IS HEREBY GRANTED. Station K229AU may operate with reduced power. CCKC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. A separate STA granted December 12, 2011, remains in effect.

This authority expires on **June 15, 2012**. No extension of this authority is contemplated.

Sincerely,

Charles N. Miller, Engineer
