I certify that I am an experienced Broadcast Engineer with 17 years of broadcast experience. I have a Bachelor of Science degree in Broadcasting Engineering from Bob Jones University granted 1991. I hold Society of Broadcast Engineers (SBE) certification as a Senior Radio Engineer. I have been responsible for installation and testing of AM Directional antennas and numerous FM antennas. My work, including service at WFGW (AM) and WMIT (FM), Black Mountain, North Carolina, is a matter of record with the Commission.

The antenna for Liberty Productions, Biltmore Forest, North Carolina, ERI model LP-2E-DA-HW, was assembled and installed according to the manufacturer's drawing number 08956/1 and instructions.
